

DEBT BONDAGE

I'M SICK ALL THE TIME,
I CAN'T PAY MY MADAM,
WHAT CAN I DO?

IN FRANCE YOU CAN BE HELPED AND ADVISED, EVEN IF YOU DON'T HAVE PAPERS.

Some girls told me not to go to an association because they are police. Are they?

SOCIAL WORKERS AND NGO CAN INFORM YOU AND ASSIST YOU FOR FREE.

They won't report you to the police.

You have rights.
Be careful of the people who prevent you from getting information.

You are free.
to have friends, to go to hospital, to have a social and to get information about your rights.

TRAFFICKING FOR THE PURPOSE OF A SEXUAL EXPLOITATION IS A CRIME:

if you feel in danger in France because of the people who brought you to Europe, you have rights for protection.

If you cannot handle this problem alone, you can ask for help.

YOUR HEALTH IS THE MOST IMPORTANT.

If you are sick all the time, go to see a doctor.

If you are feeling bad all the time, having headaches, stomach pains, heart beating, chest pain, nightmares, food disorders...

Maybe you are suffering of a depression because of your difficult situation.

It is a serious sickness:
don't stay alone, ask for help from your social, don't be afraid they are not police.

If you are very tired, you can ask the social workers to get an emergency accommodation for you to have some rest and sleep.

IF YOU WANT TO STOP PROSTITUTION,

you can receive help from social organizations (NGO) to learn French, to register for trainings or to look for a job.
