

I WAS ATTACKED

CAN I GO
TO THE POLICE?

YOU CAN ASK THE POLICE FOR HELP

I'm afraid to go to the police station because I don't have papers!

EVEN IF YOU DON'T HAVE PAPERS, YOU CAN ASK THE POLICE FOR HELP AND COMPLAIN IF SOMEBODY:

- * steal or destroy your ID or passport
- * threaten you, insult you or hurt you
- * rape you or is sexually violent

YOU CAN ALSO REPORT THE LOSS OF YOUR ECOWAS PASSPORT IN ANY POLICE STATION.

It's better to go with a social worker or a friend who speaks french.

You can file a complaint and ask for translation to understand your statement report.

If you agree with all, you can sign it.

Before you leave, police must give you a receipt of your complaint and a copy of your statement.

YOUR HEALTH IS THE MOST IMPORTANT.

Women can speak their mind. Nobody is allowed to force you to have sex.

To protect yourself: use condoms.

In case of physical or sexual violence, police will address you to the specific service in the hospital.

DON'T BE AFRAID TO GO TO HOSPITAL:

you will meet a doctor who will check your body and your injuries. You can ask to see a female doctor.

The doctor can take the biological samples if necessary. Don't wash yourself before the medical exam, and bring the clothes you wore when you were attacked. You can receive an anti-HIV treatment and an emergency contraception.
